Insurance Due Diligence Services

Increased litigation is a growing fact of life and never more so when considering any potential Merger and Acquisition or offering Debt or Equity facilities.

One significant factor that can affect both the negotiation and success of any such transaction is ensuring that a dynamic and robust risk management strategy is in place.

To achieve this, the synergy between insurance advisor and all other parties involved in the due diligence process is vital in enabling managers to:

- Identify serious risk exposures
- Accurately assess the value of a deal
- Negotiate the Sale & Purchase agreement
- Achieve their business objectives

At Towergate Risk Solutions we have a dedicated Insurance and Risk Due Diligence team experienced in working with Financiers, such as Venture Capitalists/Private Equity Companies, Hedge Funds and other Financial Institutions.

Our team provide a wide range of due diligence services, which can include:

- Reviewing insurance programmes
- Adequacy of risk management
- Advising on extent of risk transfer available
- Accuracy of claims records & reporting
- Evaluate insurer security
- Analysis of Sale & Purchase and other Contractual Agreements

At Towergate Risk Solutions we have a dedicated Insurance and Risk Due Diligence team experienced in working with Financiers, such as Venture Capitalists/Private Equity Companies, Hedge Funds and other Financial Institutions.
